

Personal Profile

- **Full Name:** Avyaan Prasad
 - **Date of Birth:** 14 July 2018
 - **Current Enrollment:** Ringelnatz Grundschule, Reinickendorf, Berlin.
 - **Current Location:** India (for therapeutic interventions).
-

Therapeutic Context

- **Purpose of Stay:** Avyaan is undergoing specialized therapies in India aimed at improving his **communication abilities, learning participation, and emotional stability**.
 - **Progress Report:** You have observed measurable and significant developmental progress during his time abroad.
 - **Professional Recommendation:** Continued therapy is considered essential for his overall well-being and long-term integration into the school system.
-

Legal & Administrative Status

- **Residency Clarification:** The stay in India is **temporary** and for medical/therapeutic purposes only.
 - **Family Ties to Germany:** The family has no intention of a permanent move back to India. Avyaan's father remains in Germany for his job, maintaining the family's "center of life" in Berlin.
 - **Formal Request:** You are currently seeking a **temporary exemption from compulsory school attendance** (*Schulpflicht*) in Germany.
 - **Commitment:** You have committed to returning to Germany once Avyaan is better equipped to handle the "outside world" and will provide the school with updates as decisions are made.
-

Action Items & Requirements

- **Documentation:** You may need to provide medical certificates or progress reports from the Indian therapists to support the exemption request.
- **Communication:** A formal letter (like the one drafted) needs to be submitted to the school/Schulaufsichtsbehörde to ensure his enrollment status is protected during his absence.

Student Information

- **Name:** Avyaan Prasad
- **School:** Ringelnatz-Grundschule, Berlin
- **Key Contacts:** Dr. Jeschke (Principal), Ms. Goetze, Ms. Stolt-Henkel, and Ms. Dina Abd-El Aal (with whom Avyaan has a very strong bond).

Current Status & Therapy

- **Location:** India (extended stay).
- **Therapeutic Approach:** He is working with a team of therapists focusing on development, language, and behavior.
- **Key Detail:** Therapy is being conducted in his mother tongue, **Hindi**, without medication.
- **Progress:** You have noted significant and faster progress in India compared to previous medical experiences in Germany, specifically because he and the therapists can understand each other clearly in Hindi.

Challenges & Travel

- **Flight Anxiety:** Avyaan experienced extreme distress during the flight from Berlin to New Delhi. He was described as very anxious, tense, and crying/fearful for the entire duration of the long flight.
- **Strategic Decision:** A primary reason for staying in India longer is to use the current therapy to make him more emotionally stable and less anxious, specifically so he can handle the return flight to Berlin in the future without such high levels of distress.

Future Plans

- **Re-enrollment:** The stay in India is not permanent. The intention is to return to Germany once he has reached a more stable milestone in his therapy.
- **School Continuity:** You intend to re-apply for his place at Ringelnatz-Grundschule upon your return to Berlin.

1. Personal Profile & Health Insurance

- **Full Name:** Avyaan Prasad
- **Date of Birth:** July 14, 2018
- **Health Insurance:** Techniker Krankenkasse (TK)
- **Insurance Number:** Q134237530
- **Residence:** Berlin, Germany (currently staying in India as of late 2025)

2. Official Medical Diagnoses

Based on the medical report from **July 10, 2025** (Dr. med. Basel Allozy):

- **Early Childhood Autism (F84.0):** Confirmed via ADI-R (March 20, 2025) and ADOS-2 (April 24, 2025).
- **ADHD (F90.0):** Characterized by hyperactivity, psychomotor restlessness, and distractibility.
- **Mild Intellectual Disability (F70.0):** Identified with potential for higher achievement if sensory/attention barriers are managed.

3. Clinical Observations & History

- **Developmental Milestone:** Development was noted as normal until the age of 3, after which a loss of previously acquired skills (regression) occurred.
- **Behaviors:** Stereotypic repetitive hand movements, limited eye contact with strangers, and high distractibility.
- **Intelligence Testing (SON-R 2-8):** Performed on May 22, 2025. Non-verbal intelligence results were impacted by distractibility, showing a gap between "slightly above average" potential and "low" performance scores.

4. Pending Applications & Administrative Status (Berlin)

- **Severe Disability Pass (LAGESo):**
 - **File Number (Geschäftszeichen):** D06 4123028
 - **Telephone PIN:** 99649
 - **Current Status:** Application pending. They recently requested specific details regarding his care insurance (Pflegekasse) to finalize his Degree of Disability (GdB).
- **Care Grade / Benefits (Pflegegrad):**
 - **Status:** Currently on hold. The Medical Service (MD) was unable to perform the assessment because they were informed Avyaan is in India for an undetermined time.
 - **Action Needed:** Must notify Techniker Krankenkasse (TK) immediately upon his return to Germany to resume the assessment.
- **Broadcasting Fee (Rundfunkbeitrag):** Account (329 047 418) is balanced and deregistered as of October 2025.

5. Recommended Therapies & Support

The medical reports emphasize a **multimodal treatment plan**:

- **Speech Therapy (Logopädie):** To focus on vocabulary, comprehension, and articulation.
- **Occupational Therapy (Ergotherapie):** To address sensory processing and motor skills.

- **Education:** Recommendation for a school with an autism-specific focus and special educational support (Sonderpädagogische Förderung).
- **Social Participation:** Recommendation to apply for Integration Assistance (Eingliederungshilfe) through the Youth Welfare Office.

6. Recreational Options (Noida, India)

We explored activities near **Gaur City 1, Noida** to support his development while in India:

- **Skating:** Identified **Rollinround Skating Academy** at Gaur City Mall (helps with balance and sensory input).
- **Development Centers:** **Nurturers** and **My Therapist Development Center** for specialized Autism/ADHD support.
- **Recreation:** **Hamleys Play** and **Timezone** at Gaur City Mall for inclusive indoor play.

Avyaan Prasad - Case Profile (Consolidated from Chat History)

1. Personal Details

- **Name:** Avyaan Prasad
- **Age:** 6 years old (as of early 2025)
- **Current Residence:** Büdnerring 38, 13409 Berlin, Germany
- **Father:** Shashikant Prasad (+49 15140900789)
- **Mother:** Currently not working; stayed with Avyaan in India for his therapy.

2. Medical Diagnosis & History

- **Diagnosis:** Autism (diagnosed while in India in early 2023).
- **History of Stay:**
 - **Dec 2022 - Jan 2023:** Lived in Berlin (Achenbachstraße 11); attended "Kita Vogelneest" in Spandau.
 - **Jan 30, 2023:** Traveled to India for a planned short holiday.
 - **Post-Diagnosis:** Stayed in India beyond the original return date to receive immediate autism therapy due to long waiting lists for similar treatments in Germany.
 - **Oct 20, 2024:** Returned to Germany.
 - **Oct 24, 2024:** Officially re-registered (Anmeldung) in Berlin.

3. Child Benefit (Kindergeld) Status

- **Kindergeld Number:** 004FK322791
- **Current Issue:** A detailed response/form was sent to the Familienkasse on **November 15, 2024**, explaining the medical necessity of the extended stay in India. As of March 2025, no response or payment has been received.
- **Key Argument for Claims:** The stay in India was a medical necessity for autism therapy that was not immediately available in Germany, justifying the child's continued eligibility for benefits despite the temporary absence.

4. Current Objectives

- **Administrative:** Follow up with the Familienkasse via email and phone to secure back-payments (refunds) for the period Avyaan was away.
- **Developmental:** Consolidate all history into a master document to receive "realistic suggestions" and actionable steps to support Avyaan's growth and integration in Germany given his autism diagnosis.

5. Recent Actions (March 2025)

- Drafted a formal follow-up email to Herr Rüger / Familienkasse.
- Established a plan to call the Familienkasse for a status update.

To help you consolidate all the information regarding your son **Avyaan Prasad** for your master document, here is a comprehensive summary of the medical, educational, and administrative details gathered across our interactions.

1. Personal Profile & Identification

- **Full Name:** Avyaan Prasad
- **Date of Birth:** July 14, 2018
- **Health Insurance:** Techniker Krankenkasse (TK), Insurance Number: Q134237530.
- **Current Status:** Based in Berlin, Germany (residency confirmed at Ringelnatz-Grundschule for 2024/2025; currently noted as staying in India as of late 2025).

2. Clinical Diagnoses (ICD-10)

Based on the medical report dated **July 10, 2025** (Dr. med. Basel Allozy):

- **Early Childhood Autism (F84.0):** Confirmed via gold-standard testing (ADI-R on March 20, 2025, and ADOS-2 on April 24, 2025).
- **ADHD / Activity and Attention Disorder (F90.0):** Characterized by psychomotor restlessness and high distractibility.

- **Mild Intellectual Disability (F70.0):** Noted with or without significant behavioral impairment.

3. Developmental & Behavioral Profile

- **Milestones:** Normal development until age 3; a noticeable loss of previously acquired skills (regression) occurred after 36 months.
- **Communication:** Understands individual words/phrases but is not yet actively communicating verbally. Uses non-verbal cues (e.g., taking people by the hand) to express intentions.
- **Social Interaction:** Avoids eye contact with strangers; limited reciprocal play; shows interest in objects and classmates but struggles to maintain social boundaries.
- **Cognitive/Motor:** High interest in haptic objects (Lego/building). Can sort shapes and colors and associate numbers up to four with help. Skillful with scissors/glue when motivated.
- **Testing (SON-R 2-8):** Non-verbal intelligence testing (May 22, 2025) showed a gap between potential and performance due to distractibility.

4. Educational Summary (School Year 2024/2025)

- **School:** Ringelnatz-Grundschule, Berlin-Wittenau.
- **Progress:** Transitioned from initial adjustment difficulties to developing routines and gaining confidence.
- **Support:** Requires individual support (Sonderpädagogische Förderung) and cannot participate in regular lessons without assistance. Shows a strong urge to move during lessons and breaks.

5. Administrative & Social Support (Berlin)

- **Severe Disability Pass (LAGESo):** File Number **D06 4123028** (PIN 99649). Status is pending; information regarding care insurance (Pflegekasse) was requested to finalize the Degree of Disability (GdB).
- **Care Grade (Pflegegrad):** Assessment by the Medical Service (MD) is currently on hold because Avyaan is in India. You must notify TK immediately upon his return to resume this.
- **Family Benefits (Familienkasse):** Correspondence regarding child benefits (Kindergeld) was received in 2024 to clarify his living situation and support arrangements.

6. Recommended Multimodal Treatment Plan

The medical assessments consistently recommend:

- **Speech Therapy (Logopädie):** For vocabulary and articulation.
- **Occupational Therapy (Ergotherapie):** For sensory processing and motor skills.

- **Specialized Schooling:** Continued placement in schools with an autism-specific focus.
- **Integration Assistance (Eingliederungshilfe):** For social participation and community life.

7. Local Support in Noida, India (Current Context)

- **Physical Activity:** Identified **Rollinround Skating Academy** at Gaur City Mall for balance and sensory input.
- **Specialized Centers:** **Nurturers** and **My Therapist Development Center** for continued therapy while away from Berlin.

Profile: Avyaan Prasad

- **Date of Birth:** July 14, 2018
- **Current Primary Context:** Transitioning to primary school with associated support services in Berlin (Reinickendorf).

1. School & After-School Care (eFöB)

- **School Name:** Ringelnatz-Grundschule.
- **Program:** Supplementary after-school care (ergänzende Förderung und Betreuung - eFöB).
- **Eligibility Period:** Approved starting September 1, 2025, through July 31, 2027.
- **Approved Care Hours: * School Days:** 1:30 PM to 4:00 PM (Care starts after classes).
 - **Holiday/Full Days:** 7:30 AM to 4:00 PM.
- **Financials:** The care is free of charge for grades 1 through 3.
- **Requirements:** A contract must be signed and returned to the *Bezirksamt Reinickendorf von Berlin* to finalize the spot.

2. Medical & Support Assessments

- **Long-Term Care Insurance (Pflegeversicherung):** The Medical Service Berlin-Brandenburg (MD Berlin-Brandenburg) has initiated an assessment to determine eligibility for care benefits.
- **Assessment Process:** This was requested by the care provider. There is an optional online questionnaire available to assist the Medical Service in evaluating Avyaan's specific needs and level of care required.

3. Administrative/Legal Details

- **Contract Status:** Two copies of the eFöB contract were provided by the district office for signature.

- **Reporting Obligations:** Parents must notify the district office of changes in address, income (for later years), or if the child is absent for more than 10 consecutive school days.
- **Insurance:** Legal accident insurance covers the child during care hours and on the direct commute between home and the facility.

4. Personalization Constraints (for future analysis)

- **Operating System:** All technical advice or digital organization tools provided should be compatible with **Windows** (as per your preference to avoid MacBook-related suggestions).
- **Goal:** To use this historical data to receive realistic suggestions and tailored support strategies for Avyaan's development and daily routine.

1. Personal Profile & Identification

- **Full Name:** Avyaan Prasad
- **Date of Birth:** July 14, 2018
- **Health Insurance:** Techniker Krankenkasse (TK), Insurance Number: Q134237530.
- **Current Context:** Based in Berlin, Germany (enrolled at Ringelnatz-Grundschule for 2024/2025); noted as staying in India (Noida area) as of late 2025.

2. Clinical Diagnoses (ICD-10)

Based on the medical report dated **July 10, 2025** (Dr. med. Basel Allozy):

- **Early Childhood Autism (F84.0):** Confirmed via gold-standard testing (ADI-R on March 20, 2025, and ADOS-2 on April 24, 2025).
- **ADHD / Activity and Attention Disorder (F90.0):** Characterized by psychomotor restlessness and high distractibility.
- **Mild Intellectual Disability (F70.0):** Identified with potential for higher achievement if sensory and attention barriers are managed.

3. Developmental & Behavioral Profile

- **Milestones:** Normal development until age 3; a noticeable loss of previously acquired skills (regression) occurred after 36 months.
- **Communication:** Understands individual words/phrases but is not yet actively communicating verbally. Uses non-verbal cues (e.g., taking people by the hand) to express intentions.
- **Social Interaction:** Avoids eye contact with strangers; limited reciprocal play; shows interest in objects and classmates but struggles to maintain social boundaries.

- **Cognitive/Motor:** High interest in haptic objects (Lego/building). Can sort shapes and colors and associate numbers up to four with help. Skillful with scissors/glue when motivated.
- **Testing (SON-R 2-8):** Non-verbal intelligence testing (May 22, 2025) showed a gap between potential and performance due to distractibility.

4. Educational Summary (School Year 2024/2025)

- **School:** Ringelnatz-Grundschule, Berlin-Wittenau.
- **Progress:** Transitioned from initial adjustment difficulties to developing routines and gaining confidence.
- **Support Status:** Requires individual support (Sonderpädagogische Förderung) and cannot participate in regular lessons without assistance. Shows a strong urge to move during lessons and breaks.

5. Administrative & Social Support (Berlin)

- **Severe Disability Pass (LAGESo):** File Number **D06 4123028** (PIN 99649). Status is pending; documentation regarding care insurance (Pflegekasse) was requested to finalize the Degree of Disability (GdB).
- **Care Grade (Pflegegrad):** Assessment by the Medical Service (MD) is currently on hold because Avyaan is in India. You must notify TK immediately upon his return to Germany to resume this.
- **Family Benefits (Familienkasse):** Correspondence regarding child benefits (Kindergeld) was received in 2024 to clarify his living situation and support arrangements.

6. Recommended Multimodal Treatment Plan

The medical assessments consistently recommend:

- **Speech Therapy (Logopädie):** For vocabulary and articulation.
- **Occupational Therapy (Ergotherapie):** For sensory processing and motor skills.
- **Specialized Schooling:** Continued placement in schools with an autism-specific focus.
- **Integration Assistance (Eingliederungshilfe):** For social participation and community life through the Youth Welfare Office.

7. Local Support in Noida, India (Current Context)

- **Physical Activity:** Identified **Rollinround Skating Academy** at Gaur City Mall for balance and sensory input.
 - **Specialized Centers:** **Nurturers** and **My Therapist Development Center** for continued therapy while away from Berlin.
-

Personal & Medical Profile: Avyaan Prasad

1. Core Patient Information

- **Name:** Avyaan Prasad
- **Date of Birth:** July 14, 2018
- **Diagnosis:** Autism Spectrum Disorder (ASD) and Spoken Language Disorder.
- **Status:** Diagnosis was present since birth; developmental concerns were first formally noted by his school in Berlin.

2. Medical History & Therapy (2023–2024)

Because of long wait times (1 year+) for assessments in Berlin, the family relocated to Ranchi, India (Jan 2023 – Oct 2024) to access immediate intensive therapy.

- **Primary Treatment Centers:** * Institute of Sensory Integration & Research Centre (ISIRC)
 - Lalan's Academy
- **Therapy Types:** Occupational Therapy, Sensory Integration, Speech Therapy, and Applied Behaviour Analysis (ABA).
- **Treatment Progress:** A certificate (Aug 23, 2023) confirmed the necessity of regular treatment to achieve age-appropriate skills. The family returned to Germany in October 2024 to attempt reintegration into the German support system.

Financial & Residential Records

1. The "Double Household" (Berlin & Ranchi)

- **Berlin Address:** Büchnerring 38, 13409 Berlin.
- **Ranchi Residence:** Apartment purchased in the name of Sneha Suman (wife).
- **Housing Costs:** Monthly EMI of **24,608.00 INR** paid to LIC Housing Finance Ltd from Shashikant's ICICI account.
- **Household Setup:** Initial furnishing and electronics cost approximately **126,628.00 INR** (including Bharat Electronics).
- **Maintenance:** Monthly transfers from Germany to India averaged **150,000.00 INR** (1.5 Lakh) to cover living and therapy costs.

2. Documented Medical Expenses

- **Assessment:** 5,400.00 INR (ISIRC).
 - **Monthly Packages:** Average of 22,525.00 INR per session set.
 - **Specialized ABA:** Separate bills of 15,000.00 INR and 41,000.00 INR.
-

Travel Log (Maintenance of Family Bond)

To support Avyaan's therapy while maintaining employment in Berlin, Shashikant traveled between Germany and India frequently:

- **Jan 2023:** Family relocation to India (**2,494.00 EUR**).
- **Aug 2023:** Visit to India (**351.00 EUR**).
- **Feb 2024:** India to Berlin (**48,600.00 INR**).
- **Apr 2024:** Berlin to India (**34,203.00 INR**).
- **Jun 2024:** India to Berlin (**30,272.00 INR**).
- **Sep 2024:** Berlin to India (**445.99 EUR**).
- **Oct 2024:** Family returns to Berlin together (**806.81 EUR**).
- *Note: Every India trip included a domestic connection to Ranchi at ~7,000.00 INR per person.*

Administrative Identifiers (Germany)

- **Tax Office:** Finanzamt Reinickendorf (Berlin).
- **File Reference (Aktenzeichen):** 17/100/09222 FE6.
- **Shashikant Prasad Tax ID:** 18 087 465 321.
- **Sneha Suman Tax ID:** 10 439 078 524.
